- Spradling, Kennedy & McPhail LLP Attorneys at Law
- Jay Spradling Consulting
- Glen E. Hacker Accounting Office
- Jonathan C Staley GPS Modeling Specialist, RDO Integrated Controls
- Jeff Erdelac, Account Manager, RDO Equipment Co.

Financial Creditability

- First United Bank & Trust (see attached reference letter)
- Global insurance and bonding, Taylor Brown Universal Insurance Agency Inc

History

- As a child, Todd operated tractors on his grandfather's farm. As a teenager he worked for Wilde Construction learning to operate construction heavy equipment. He later worked for TJ Campbell gaining Apprentice Certificates on several machines. At the age of 26, Todd bought a bulldozer and went into business for himself. After a few years of accomplishing every type of dirt work imaginable, Todd contracted his first major project, the Bell Isle Shopping Center in Oklahoma City. He proceeded to grow his business and in 2001, Todd founded Future Inc. Throughout his career, Todd has met every deadline, has a perfect "CALL OKIE" record and remains free of safety violations.

Mission

- Future Inc. provides the best quality industrial, energy sector, commercial and residential dirt work in Oklahoma and surrounding states by applying professionalism, safety and teamwork for efficient operation and effective resource management using the best equipment and operators for each job. We ensure compliance with established procedures and performance standards and are well known to complete projects ahead of schedule. Future Inc strives to preserve trees if possible and to always protect the environment.

To Whom It May Concern:

Re: Future Inc. Bank Reference

Future Inc. has been a First United Bank & Trust Co. customer since July of 2006. Todd Bugg of Future Inc., has always handled his accounts as agreed and has demonstrated a superior work ethic with respect to managing his business and engaging his partners (Bank, CPA, Attorney, etc.). Todd has grown Future Inc. into a thriving organization by focusing on performing high quality work in the most efficient manner possible. Future Inc.'s relationship with First United Bank & Trust Co. has been extremely successful and I personally look forward to the opportunities on the horizon that will allow us to continue to broaden our relationship.

Respectfully,

Re: Future, Inc.

To Whom It May Concern,

It is with much enthusiasm that I am writing to recommend the services of Future Inc.

I used Future on one of my projects, (Inland Truck Parts) for the demo, and earth work package. Future performed very well on our project. They had all equipment onsite before the start date and performed in a professional manner. They met the schedule and were very easy to communicate with. There were several changes added to the project and they still finished on time. I look forward to working with them on the next project.

I am happy to recommend Future, and if there are any questions please feel free to contact me.

Sincerely,

Michael Allnutt
Superintendent
Crossland Construction Company, Inc.
